Saddar Eco Bolt Down Post Base 101x101x175 CM	PSK PXX 101x101x175	Exellent	15.840	type B

Description

Ecological product for fastening wooden posts into concrete or deck floor. Saddar Eco bolt down post base are products with propriety engineering solutions & protected by intellectual property rights. SADDAR Eco bolt down post bases are manufactured of PET material specially constructed by ourselves. It is crystalized, chemically modified & glass fiber reinforced composite with high impact resistance, rigidity & tensile strength.

Advantages

Advantages of eco bolt down post bases as compared to steel bolt down post bases:

- SHR System (Socket's screw holes reinforced with additional material) - Walls and screw holes are reinforced and increase thickness sections in areas responsible for stresses
- 100% rust, water and frost resistant
- High resistance against lateral (bending) forces
- SADDAR eco post spikes can be recycled again

Packaging type

Pieces on the pallet place:

- 71x71x175 - 1080
- 76x76x175 - 1080
- 91x91x175 - 700
- 101x101x175 - 480

Type B

Pallet size: 80x120x204cm
